REAL-TIME PAYMENTS

Now merchants have the ability to accept payments while interfacing with the client. With SaleManager™ payment add-ons you no longer have to wait for a client to mail a check or phone in a credit card payment. Accept, process and capture customer payments in person, over the phone or by fax. Since payment history is recorded in your CRM tool you'll always have the client's payment information at your fingertips.

RECURRING PAYMENTS

Assign an account or contact record to a recurring payment plan. Automatically bill your customers on a daily, weekly, bi-weekly, monthly, semi-annually, annually or on a specific day of the month.

SaleManager™ payment add-ons allow merchants to set it and forget it. Transaction sales reports are available online.

SIMPLE

SaleManager™ payment add-ons are designed to integrate seamlessly with the top CRM platforms. That means our payment add-ons won't impact your current installation nor limit your upgrade options.

SECURE

All payment transactions are submitted over a secure encrypted SSL connection. No credit card or checking account information is stored within the CRM tool. Our PCI Compliant Customer Vault™ service can store your customer data securely.

RELIABLE

SaleManager™ payment add-ons come with technical support, an online help desk and knowledgebase.
